

Is your bookkeeper an accountant? Do they know how to keep you out of trouble with the IRS?

Do you get charged a lot at the end of the year to fix your QuickBooks?

Do you wonder if you're classifying expenses correctly?

Spending too much time on payroll?

Are you familiar with tax law?

Need help with your accounting questions?

## Set your course with Plus Minus Accounting.

### DRIVEN BY PRECISION:

Navigating the world of finance, tax law, and accounting can be overwhelming. At Plus Minus we understand these challenges, and look to being a navigational tool for our clients. Think of us as a GPS for your finances and your business.

We combine accuracy, forethought, technology and strong communications to create precise results for our clients.

Our professional services run the gambit, each delivered with accuracy and effectiveness. Our goal is to make sure you're in position to arrive where, when, and how you want.

### SERVICES PROVIDED:
